I. STEPS TO INSTALL ROWLEY CROSSWORKS FOR ARM 2.1

For installation process of **ROWLEY CROSSWORKS FOR ARM 2.1** Software, follow the steps as below:

STEP 1:

When you double click on this  arm_crossworks_2_1_1_win_... set up icon of Rowley Cross Works for ARM 2.1, you find the image as below.

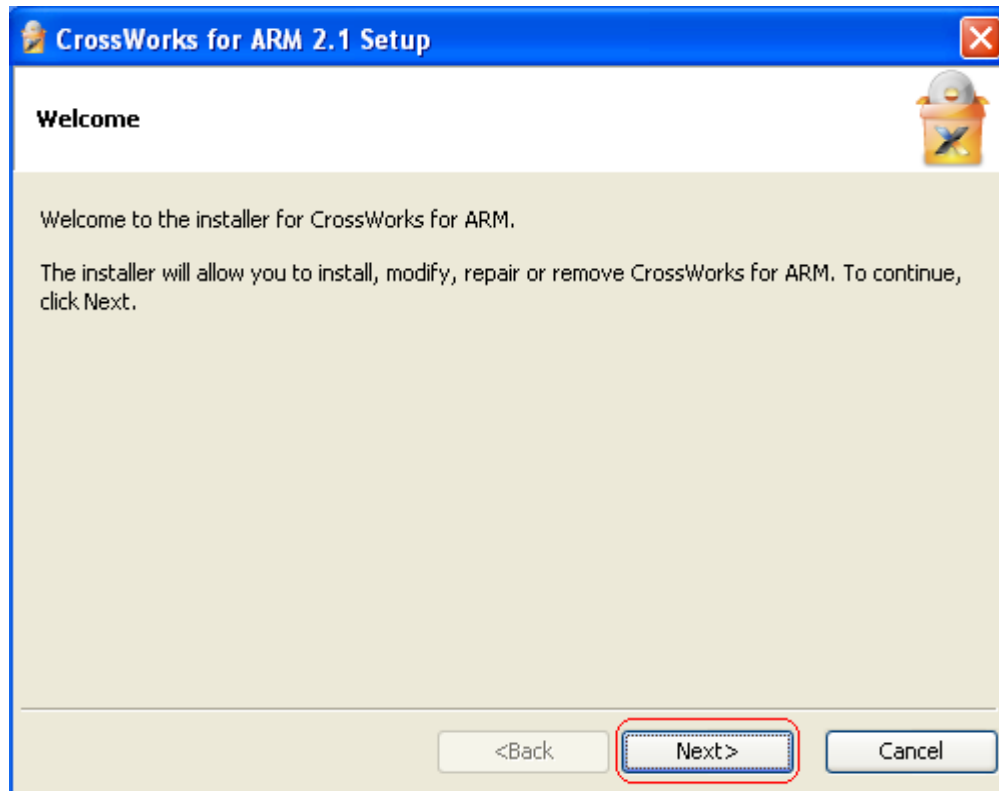

In the above image, click on **Run** button.

After clicking on Run button, you get a dialog box as in below image, indicating that setup files are being extracted on your computer.

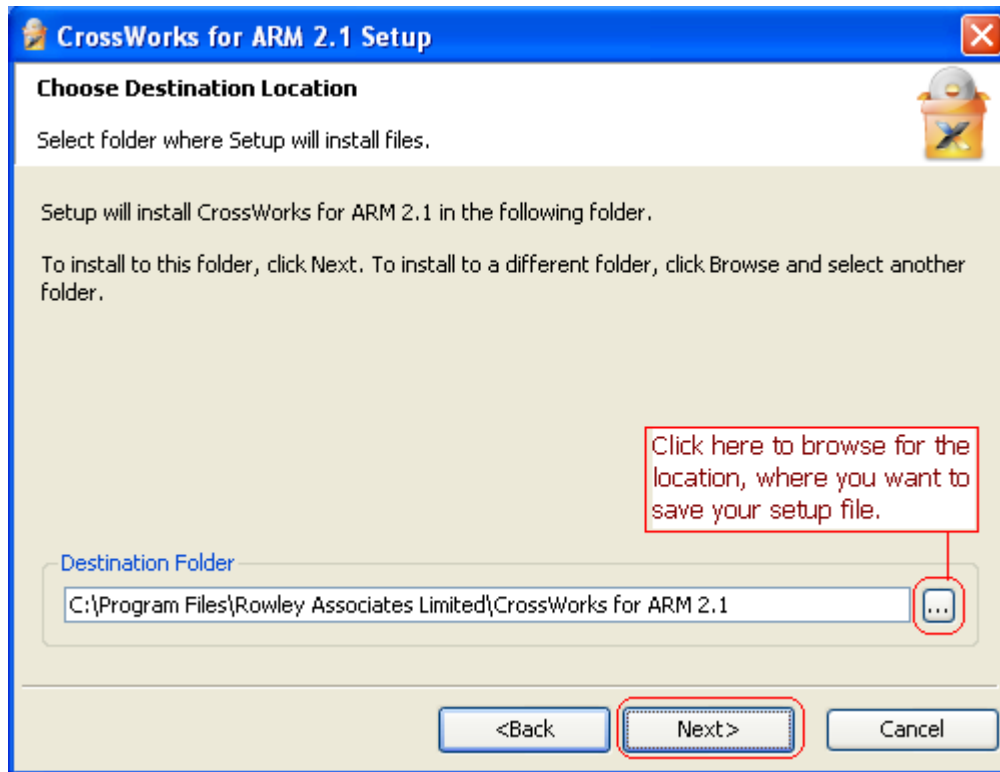

STEP 2:

After setup files have been extracted, you will get a dialog box as in image shown below, click on **Next** button to continue.

STEP 3:

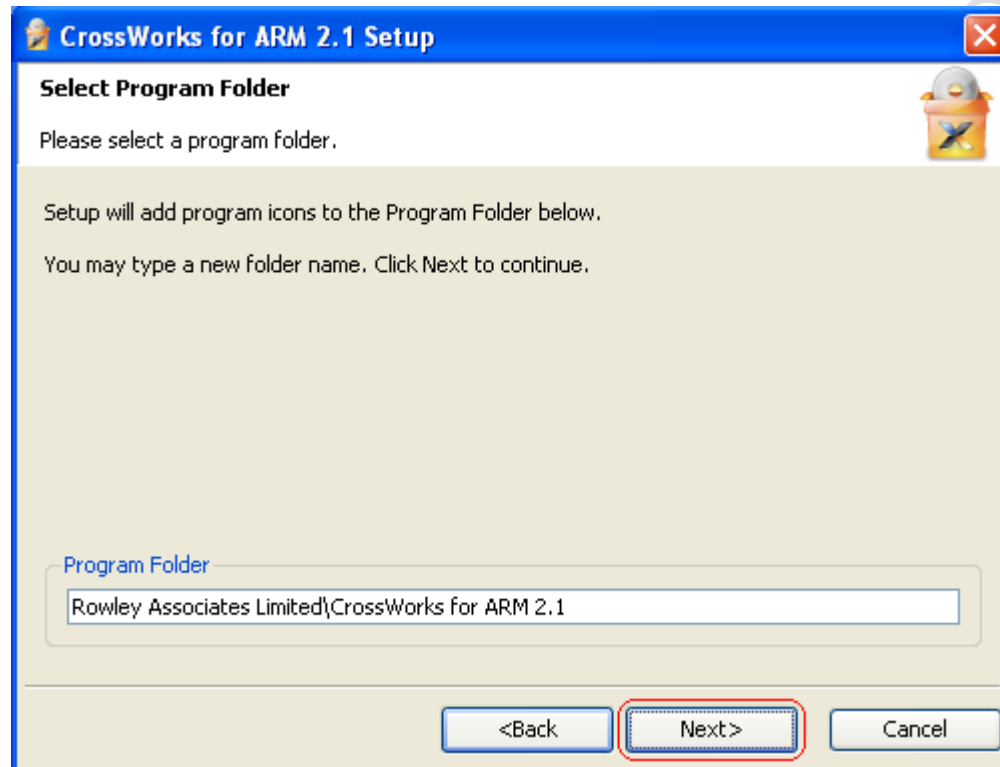

In this step, setup will be installed by default in C drive location. You can also specify your location to install the setup file, by clicking on the browse file button, as shown in the image.

STEP 4:

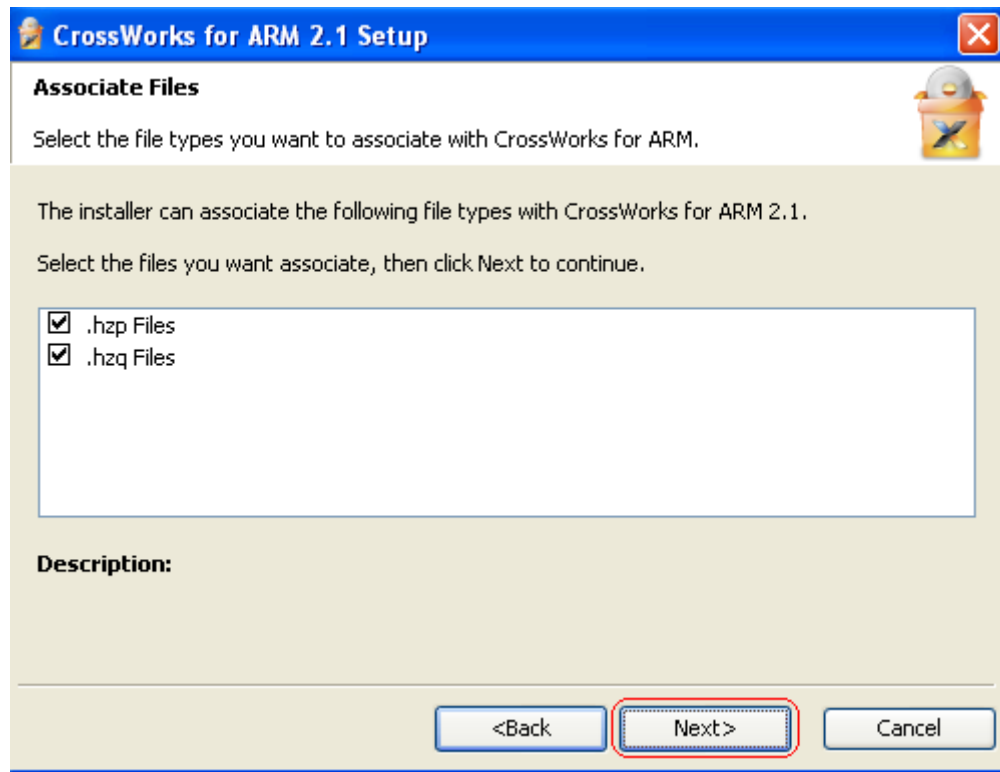

After, you select your drive location to save your setup file, setup will prompt you to add program icons to the program folder, and you can also specify your folder name of your choice.

Click on **Next** button to continue.

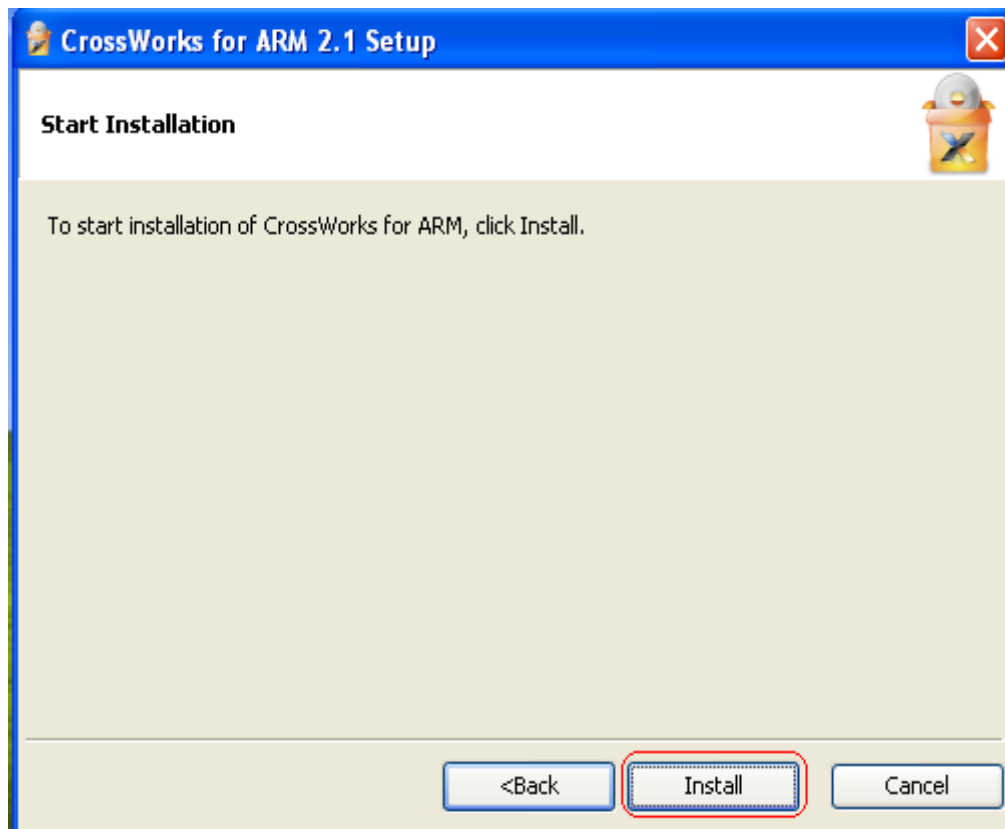

STEP 5:

Here, you get the options to select the files you want to associate with. Select the files & then click on **Next** button, to continue.

STEP 6:

Here, setup prompts you to start the installation process. Click on **Install** button to start the installation process.

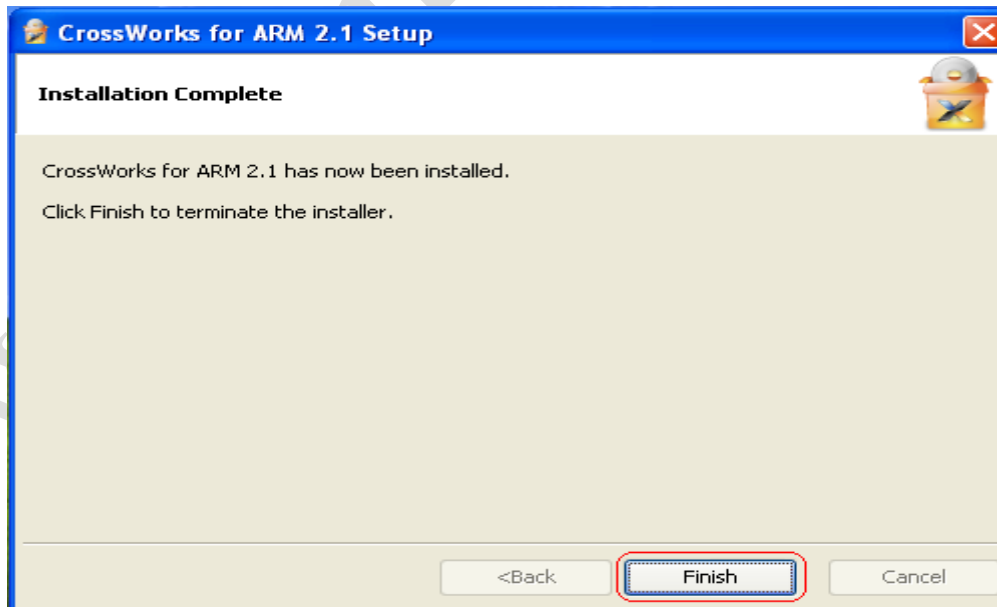

This is how it looks, when your installation is in progress.

STEP 6:

This is the last step in finishing your setup process. Click on **Finish** button to finish the setup process.

CLARIFICATIONS AND SUPPORT

For any technical discussion related to the product with our team and various users, visit and post your questions at

www.coineltech.com/forums

READER RESPONSE

It is our intention to provide you with the best documentation possible to ensure successful use of the product. If you wish to provide your comments on organization, clarity, subject matter, and ways in which our documentation can better serve you, please mail your comments to support@coineltech.com or call our Technical Publications Officer at (+91) 80-23154423.

Please list the following information, and use this outline to provide us with your comments about this Data Sheet.

1. How does this document meet your hardware and software development needs?
2. Do you find the organization of this data sheet easy to follow? If not, why?
3. What additions to the data sheet do you think would enhance the structure and subject?
4. What deletions from the data sheet could be made without affecting the overall usefulness?
5. Is there any incorrect or misleading information (what and where)?
6. How would you improve this document?
7. How would you improve our software, systems, and products?

After-sale Service

We have special Technical Support Engineers to provide support and consultation in forms of telephone, E-mail and so on.
